

51.2V 105Ah LiFePO4 Golf Cart Battery Long Cycle Life EV LifePo4 Battery 48V 100Ah 200Ah

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Place of Origin: China
- Brand Name: enook
- Certification: CE ROHS FCC UN38 .3 MSDS
- Model Number: Golf Cart Battery

Product Specification

- Keywords: Lifepo4 Battery Golf Cart Battery
- Cycle Life: >4000 Cycles
- Peak Discharge Current: 300A
- Sizes: Customized
- Application: Golf Carts
- OEM/ODM: Yes
- Continuous Discharge Current: 150A
- Rechargeable: Yes
- Highlight: 51.2V 105Ah LiFePO4 Golf Cart Battery, Long Cycle Life EV LifePo4 Battery, EV LifePo4 Battery 48V

Product Description

Product Description:

The Lithium Ion Golf Cart Battery is designed with Lithium Iron Phosphate technology, which is a highly efficient and reliable battery chemistry. This type of battery is known for its long cycle life, high energy density, and excellent performance in extreme temperatures. The battery can operate in a wide range of temperatures, from -20 to 65, making it perfect for use in any weather conditions.

One of the notable features of this battery pack is the BT monitoring system. This feature allows golfers to monitor the battery's performance and status through their smartphone or tablet. The GPS display feature is also included, which allows golfers to track their cart's location and performance while on the course. The heating option is also available for those who play in colder climates, ensuring that the battery stays warm and performs optimally.

The Lithium Ion Golf Cart Battery is perfect for those who demand the best from their golf cart battery. Its Lithium Iron Phosphate technology and Grade A automatic cells ensure that the battery will last for years to come. With its compact size and wide temperature range, this battery pack is the perfect choice for any avid golfer. So why settle for anything less when you can have the best? Get your Lithium Ion Golf Cart Battery today!

48V 105AH

LiFePO4 Golf Cart Battery

Features:

Product Name: Lithium Ion Golf Cart Battery

Sizes: Customized (Approx. 4.0~40.0kg)

Cycle Life: >4000 Cycles

Working Temperature: -20-65

Voltage/Capacity: 36V,48V,51.2V,72V

Rechargeable: Yes

Voltage	36V/51.2V/72V/96V
Capacity	50Ah/55Ah/60Ah/72Ah/80Ah/105Ah/150Ah/160Ah/210Ah
Continuous Discharge Current	150A/250A/300A optional; 600A peak (10s)
Connection	Support in parallel
Function optional	BT monitoring, Heating system, Remote diagnostics and upgradation, Buzzer SOC alarm, etc.
Accessories optional	Charger, AC extension cable, display, bracket, reducer, charger receptable, e

PRODUCT DETAILS

Easy to carry with handles

Help to vent internal gases

Intelligent one-button
control ON/OFF

Metal material is more sturdy

Applications:

The enook Golf Cart Battery has a cut-off voltage of 40V, which ensures that the battery will not overheat or overcharge during use. It also has a working temperature range of -20-65 , providing stable performance even in extreme temperatures.

The enook Golf Cart Battery is lightweight and easy to carry, weighing approximately 4.0~40.0kg depending on the model you choose. This makes it easy to transport to and from the golf course.

Designed specifically for golf carts, the enook Golf Cart Battery is perfect for use in various occasions and scenarios. Whether you are a professional golfer, a golf course owner, or simply a golf enthusiast, this battery will be a reliable source of power for your golf cart.

With its long-lasting lifespan and high power output, the enook Golf Cart Battery is an excellent investment for any golf cart owner. It can provide power for hours of continuous use, allowing you to fully enjoy your golfing experience.

So why wait? Get your enook Golf Cart Battery today and start enjoying the benefits of a high-quality, reliable lithium-ion battery for your golf cart!

2.8-INCH COLOR TOUCHSCREEN DISPLAY

Real-time view of
battery information

3 PAGES of monitoring modes

Why Choose Enook Golf Cart Batteries

- 1)Grade A Automatic Cells
- 2)Ultra Safe with Smart BMS
- 3)Durable robust internal battery module
- 4)Support high discharge current 250A/300A,higher power for hills climbing**
- 5)BT monitoring/GPS
- Display/Heating optional
- 6)Printing your own logo on the battery
- 7)We can provide complete system solution, such as the charger, voltage reducer, bracket,etc
- 8)Verified reliable supplier, keep long term cooperation with clients from different countries
