Basic Information

- Place of Origin: China
- Brand Name: enook
- Certification: CE ROHS FCC UN38 .3 MSDS
- Model Number: Golf Cart Battery

Product Specification

- OEM/ODM: Yes
- Weight: Approx. 44.7kg
- Continuous Discharge Current: 150A
- Keywords: Lifepo4 Battery Golf Cart Battery
- Warranty: 10 Year
- Advantages: Ultra Safe With Smart BMS
- Working Temperature: -20-65
- Product Name: Golf Cart Battery
- Highlight: 100Ah Lifepo4 Battery Golf Cart Battery, 24V Lifepo4 Battery Golf Cart Battery, 72V Lifepo4 Battery Golf Cart Battery

Product Description

Product Description:

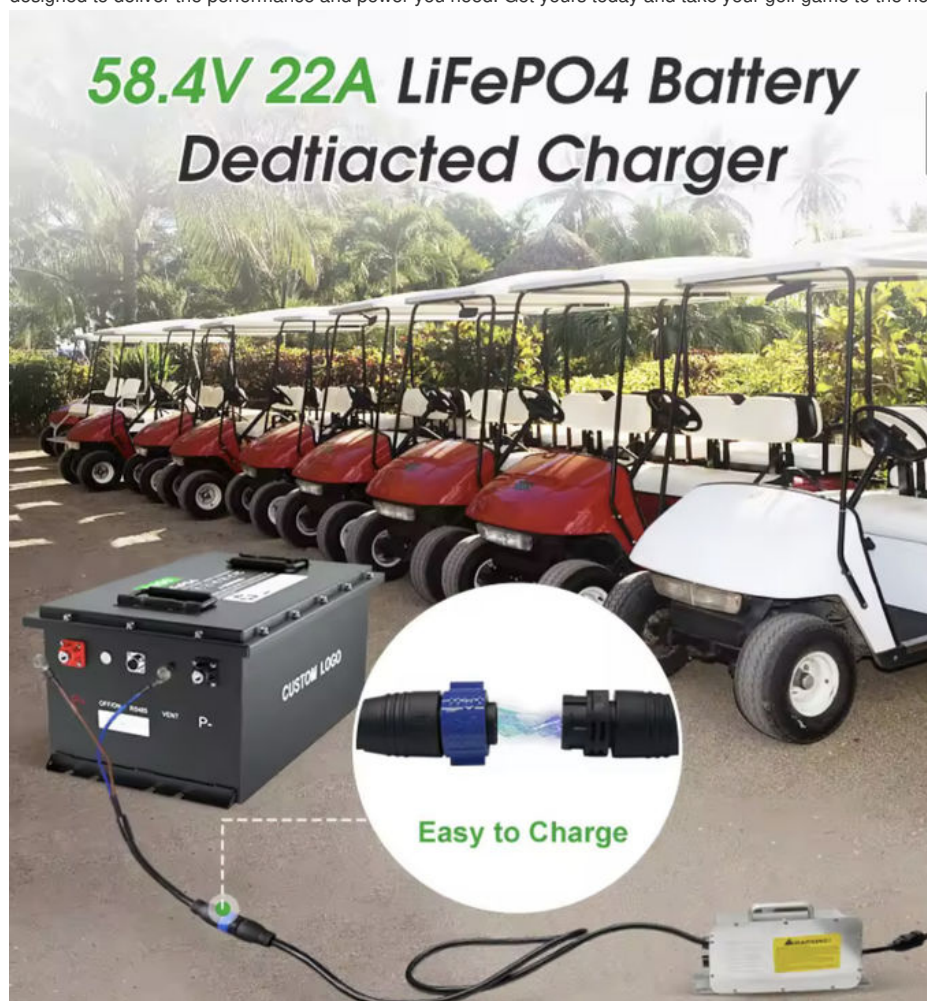

One of the key features of this Golf Cart Battery is its impressive cycle life. It can last for more than 4000 cycles, which means you can use it for a very long time without worrying about replacing it. This feature makes it an excellent investment for golfers who want to save money in the long run.

The Golf Cart Battery is available in customized sizes to fit your specific needs. This means that you can choose the size that best suits your golf cart without having to worry about compatibility issues. The weight of the battery ranges from approximately 4.0~40.0kg depending on the size you choose.

The cut-off voltage for this battery is 40V, which ensures that the battery is protected from overcharging and over-discharging. This feature is essential for prolonging the lifespan of the battery and ensuring that it remains in good condition for a long time.

The Golf Cart Battery is a 72v battery pack, which means that it is powerful enough to handle the energy demands of your golf cart. Whether you are using it for a quick round of golf or an extended session, this battery pack will deliver the power you need.

In summary, the Lithium Ion Golf Cart Battery is a must-have for golfers who want a reliable and long-lasting power source for their golf carts. With its high peak discharge current, impressive cycle life, customized sizes, cut-off voltage, and 72v battery pack, this battery is designed to deliver the performance and power you need. Get yours today and take your golf game to the next level!

2.8-INCH COLOR TOUCHSCREEN DISPLAY

Real-time view of battery information

Applications:

The enook Golf Cart Battery has a continuous discharge current of 150A, making it powerful enough to handle the demands of golf carts. The battery type is Lithium Iron Phosphate, which provides a longer lifespan and better performance compared to traditional lead-acid batteries.

One of the key advantages of the enook Golf Cart Battery is that it is customizable in size, meaning that it can fit into any golf cart seamlessly. The battery's charge voltage is 58.4V, which provides ample power to the cart.

There are multiple occasions and scenarios where the enook Golf Cart Battery can be used. Golf courses can install these batteries in

their carts to provide a reliable and long-lasting source of power. Additionally, individuals who own their golf carts can also benefit from the enook Golf Cart Battery.

The enook Golf Cart Battery is also relatively lightweight, weighing between approximately 4.0~40.0kg depending on the size. This means that it can be easily installed and transported without causing any issues.

If you are looking for a reliable and high-quality battery for your golf cart, the enook Golf Cart Battery with a 72v battery pack is a fantastic option. Its customizable size and long lifespan make it an ideal choice for golf courses and individuals alike.

PRODUCT DETAILS

Easy to carry with handles

Help to vent internal gases

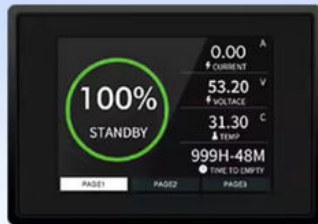

Intelligent one-button
control ON/OFF

Metal material is more sturdy

3 PAGES of monitoring modes

PAGE 1

Real-time display of battery current, voltage, temperature, etc.

PAGE 2

Controllable charge and discharge on and off modes.

PAGE 3

Display of voltage difference of the internal battery cells.

Customization:

Our Golf Cart Battery is available in a 72v battery pack configuration, providing plenty of power to keep your golf cart running smoothly for hours on end. And with a weight of approximately 44.7kg, our battery is easy to install and transport. At enook, we offer OEM/ODM services to meet your specific needs. And with CE, ROHS, FCC, UN38.3, and MSDS certifications, you can trust that our Golf Cart Battery is safe, reliable, and built to last. So why wait? Invest in enook's Golf Cart Battery today and experience the ultimate in power, performance, and convenience!
